Over the past few months, CoachHouse61 has been the backdrop for inspiring encounters, numerous brands, and a lot of memorable moments. Our spaces hosted a wide variety of events, once again highlighting just how versatile CoachHouse61 is as an event location.

We had the pleasure of welcoming L'Agency for an elegant Nespresso activation, hosted several business dinners, this including events for Set Ventures and SkinTec Benelux (Morpheus8 seminar) and several intimate and atmospheric wedding dinners.

A number of High Teas also came to life at CoachHouse61. Adore Agency x Ted Louise and Anna + Nina created a truly special afternoon with a magical Disney themed High Tea experience.

Within fashion and design, our spaces became the stage for launches and brand experiences, such as the new loafer launch by Affêre and a truly unforgettable Christmas dinner by Róhe Frames.

We ended the year on a festive note with the MOSJ Atelier Christmas pop-up and our own event; The Christmas Shop. A magical pop-up Christmas store hosted by The Cristel Ballroom Gallery. A perfect example of how CoachHouse61 also lends itself to retail concepts and longer-term activations.

Looking forward to the upcoming year we are looking forward to host countless events. Whether it's a brand activation, business event, dinner, product launch, pop-up, private celebration, or creative concept. CoachHouse61 offers a unique setting that effortlessly adapts to your vision and objectives.
